February 17, 2017 Fire Job

"They are my go to company for Emergency recovery and repairs after fires."

As the owner of a mid-sized Real Estate Management firm located in Forest Hills, N.Y. I have been using All Boro Inc. for 20 years. They also help me with environmental issues such as mold remediation or contamination from floods and sewer backups. They also do my periodic garbage removals from my properties, miscellaneous construction and repair work and they deal with my bed bug issues as well. I have found them to be 100% reliable, reasonably priced and they provide high quality work whenever called. I highly recommend them as a top tier Vendor for all your needs.

Joel Mandel
President of JSM Management
