INTRODUCING BUILDINGBOARD

❯ Streamline Your Next Annual Meeting
BuildingLink, the industry's most trusted property management software, has an exciting new product!

BuildingBoard is the solution that lets you manage annual meetings and elections remotely or in-person, saving you time and money.

How it works:

- Send customizable notices via email, print, USPS, or text.
- Proxies are tracked and can be voted electronically or be entered manually.
- Our Quorum meter lets you know exactly when you reach quorum.
- Live, instant results with full reporting.
- Owners and shareholders will have confidence in voting results with our secure voting tool.
- Support and pricing options to fit your community's needs.

A world-leading property management solution, celebrating 23 years of innovation.
