ABOUT EMPIRE PUMP

As the critical piece to your building's - and your residents' - livability and comfort, it's imperative that your pumps and systems are always in optimal working order. At Empire Pump & Motor, we've been servicing commercial buildings across New York City for more than 65 years, helping New York City building owners and property managers save valuable time and resources by providing quick, efficient repairs and installations for pumps, motors, fans, and controls.

In that time, we've earned a reputation for unmatched expertise and lightning-quick

response and turnaround time. Our clients include some of NYC's foremost management companies, who value our dedication and integrity.

In addition to our 24 hour emergency service, we provide scheduled maintenance to help extend the service life of your pump.

Regardless of scope, our skilled team of repairmen and installation specialists have the experience, technique and industry know-how to ensure your systems are functioning at peak performance.

Here's what makes Empire New York City's most reliable pump repair:
