

# Full-Service Property Management

Our centralized procurement department takes the vendor bidding out of managers' hands bringing you at least three bids from rigorously vetted vendors.

Our Compliance department audits the building, centralizes the compliance items, and takes over the administrative duties that Property Managers would normally perform allowing for a more efficient process.

We've long been known as the fastest and most respected closing team in the industry.

For more than half a century we have set the standard for hands-on, consumer-focused, and ethical service as an owner/manager, third-party manager, and broker.
