procurement.  
SIMPLIFIED.

Create a project by filling out our easy to understand form, upload any necessary specs or documents, publish the project, sit back and wait for your bids!

Once your project has been created, sign in or sign up to access your project using the email address given during the project creation process

# ventract+

## Who We Are.

Our goal is to simplify the workflow that is normally dedicated to the procurement process.

We are creating a mutually beneficial relationship between property managers, vendors, and housing authorities to save money and time on all sides.

## The Thumbtack Of Procurement.

## OUR BUSINESS SOLUTIONS.

For property managers and government agencies looking for an easier and more efficient way to procure.

The team at Ventract set out to create the simplest and fastest procurement platform on the market. With an emphasis on helping companies stay within their compliance regulations while being able to get a project out to bid in minutes.

The Ventract platform will give you all the tools that you need to receive more and better quality bids on all of your projects.

---

## WE ARE READY TO SIMPLIFY YOUR PROCUREMENT.

## WHY BUSINESSES USE VENTRACT

### EXPOSURE.

Invite your favorite vendors or all vendors in your area to bid and offer you exclusive deals and competitive prices.

### COLLABORATE.

Add members of your team to the projects you create to weigh bids, answer questions, schedule walkthroughs, or add to a project.

### CENTRALIZED

Come audit time, Ventract provides an easy to access and centralized platform to find all of your past projects, bids, as well as who was contacted or interacted with.

### ACROSS DEVICES.

Create a project no matter where you are! Ventract can be used via mobile app, web browser, or text message to create projects.

## WE'RE EXPERTS IN

### VENDORS

The Ventract platform has over 20,000 Vendors and is adding more and more everyday. We can easily add your list of preferred vendors to the platform as well.

### COMPLIANCE

Insurance regulations, project submittals, approval process, and organizational hierarchy can all be configured and automated using the Ventract platform Enterprise features.

### BIDS

The Ventract platform supports all types of projects and bidding including; budget quotes, competitive bid, express projects, line item bidding, and sealed bid.

### SCHEDULING

Easily set up walkthroughs for vendors during set timeframes as 1:1 or groups and sync the events and attendees with your company calendar to help keep things organized.
